was born on

The date I was born,  
 Is a month, day, and year.  
 To begin my book,  
 I'll write it right here.

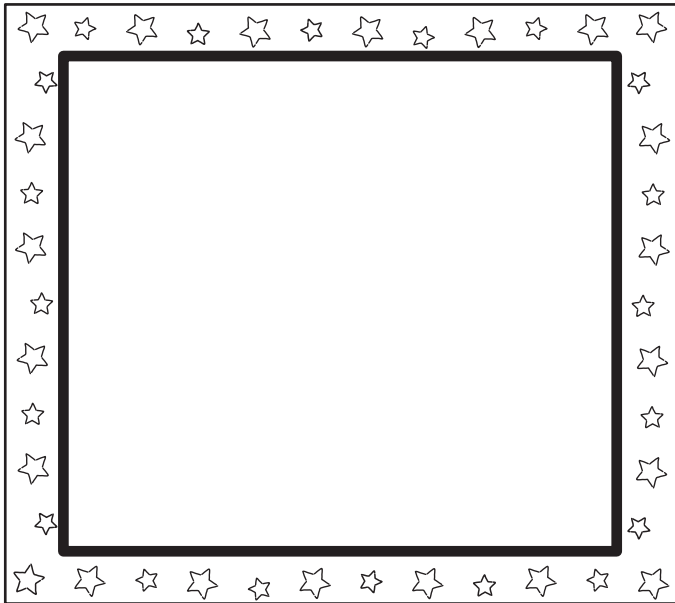

Color your classmates singing "Happy Birthday."

My birthday is fun,  
 Each and every year.  
 I smile all day long,  
 When "Happy Birthday" I hear!

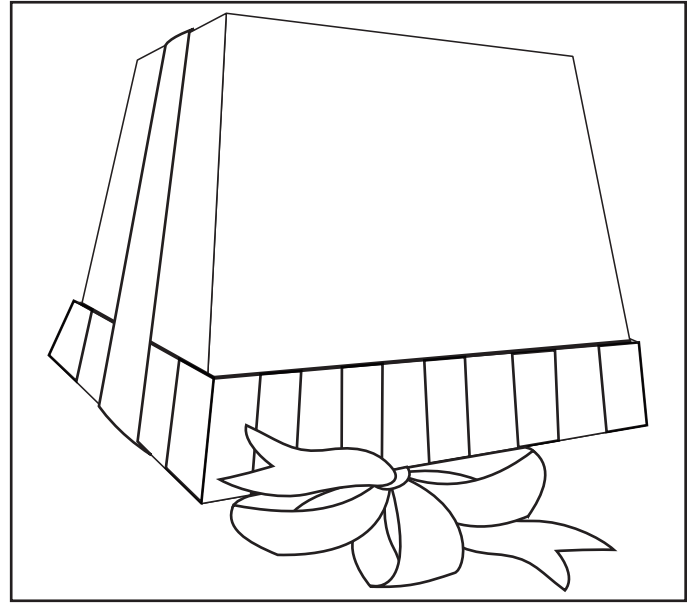

Draw a picture of you and what you are wearing on your birthday.

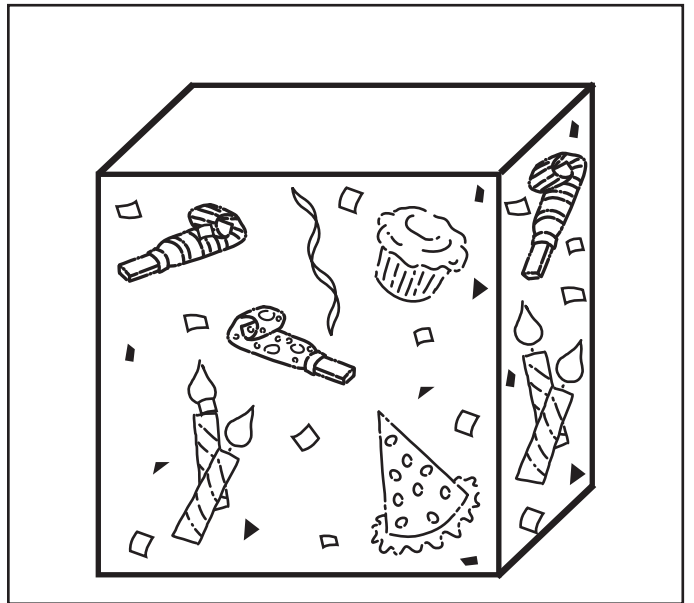

To look a year older,  
I'll wear something cool.  
I'm looking so grown up,  
I'll stand out at my school.

I'll open the box,  
And my smile will grow wide.  
So carefully chosen,  
There's a treasure inside.

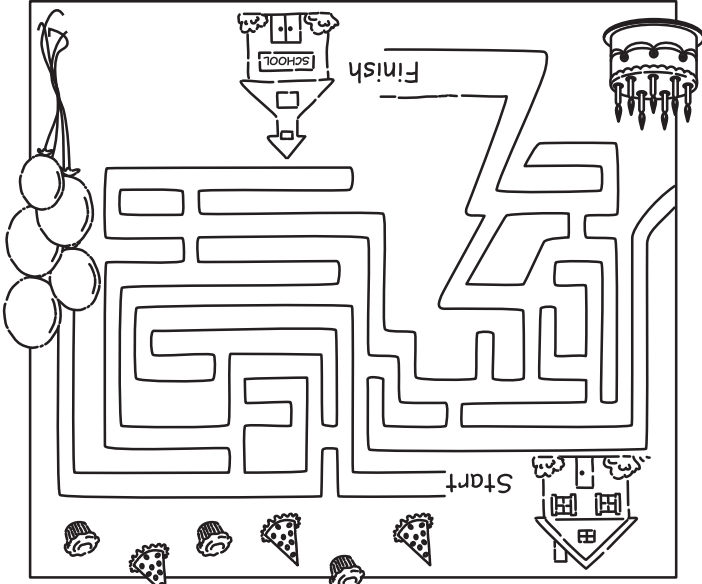

Draw a picture of a gift you'd like to find in the box.

Color this present and draw a beautiful bow on top.

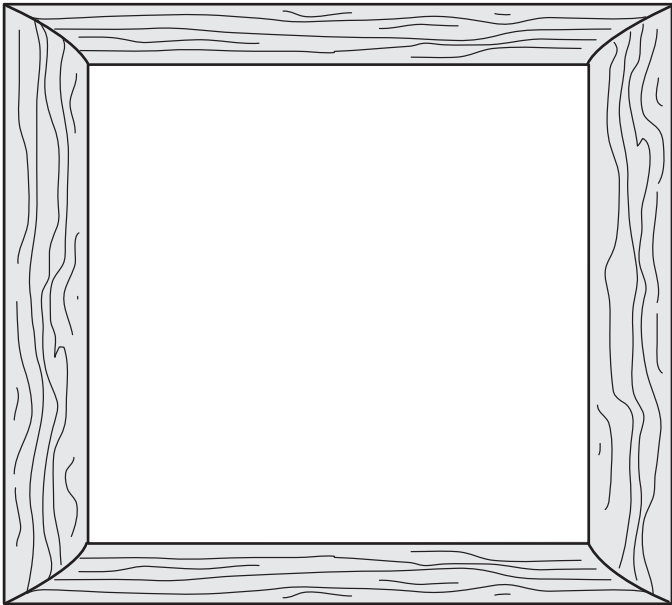

I dream of a present,  
With a beautiful bow.  
I wonder what's in it.  
Nobody knows.

A birthday is special,  
With surprises galore.  
I can't wait to get started,  
To see what's in store.

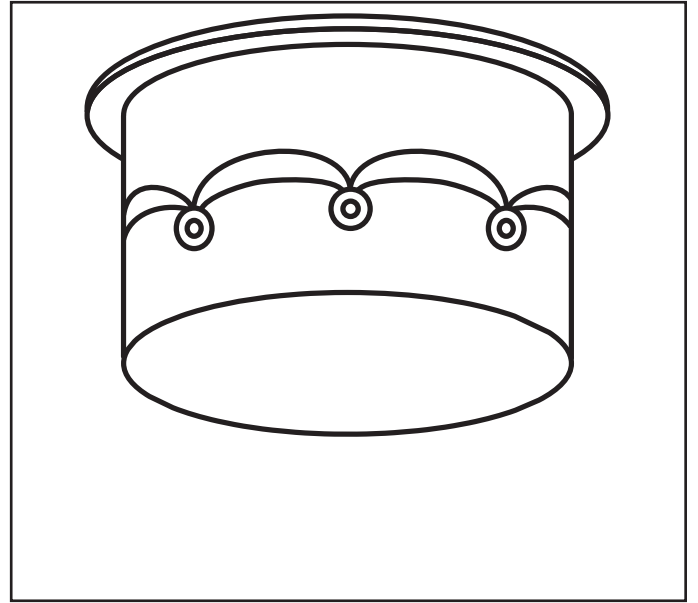

Follow the path from your house to school.

Draw a picture of your teacher saying happy birthday to you.

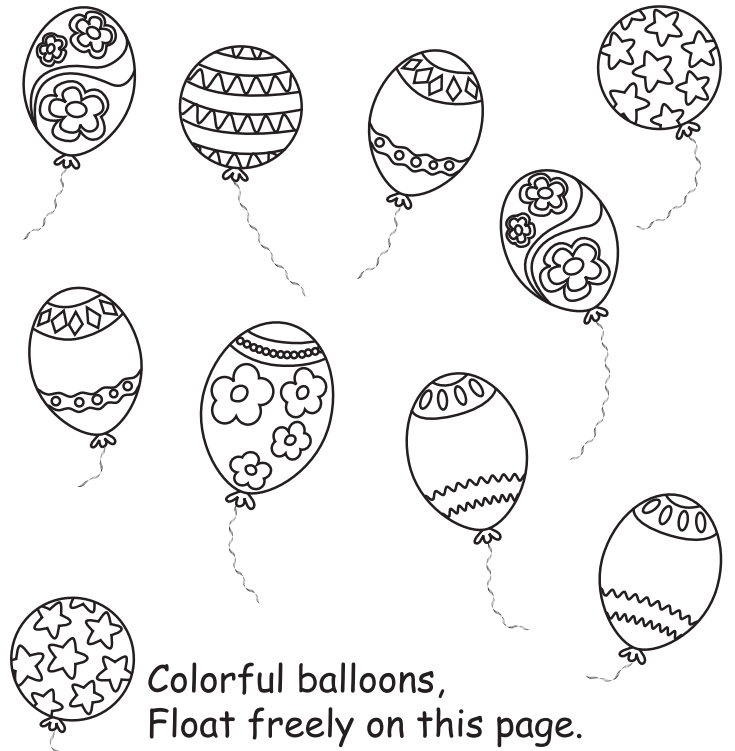

My teacher will greet me,  
With a happy birthday "Hello."  
Today is my birthday,  
And all my friends know.

When choosing a cake,  
As the one I'd like best,  
I'll color my favorite.  
Would you like to guess?

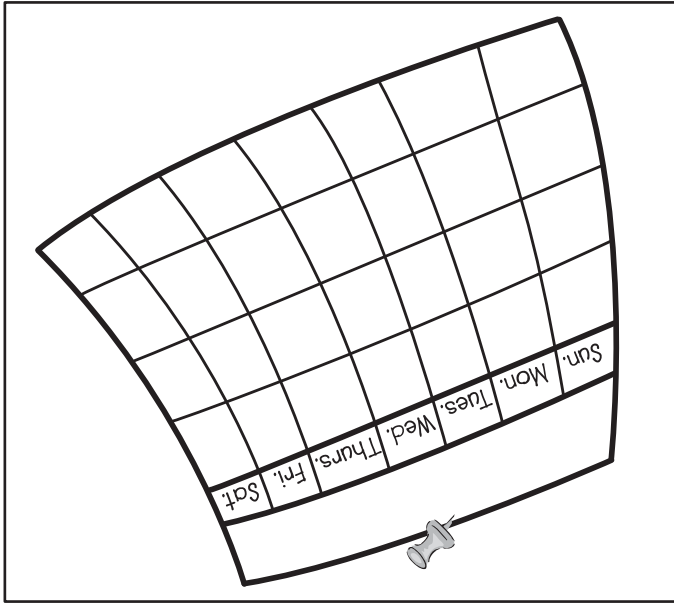

Color your favorite birthday cake and draw the candles on the top.

Color a balloon for each year of your age.

Colorful balloons,  
Float freely on this page.  
But I only need \_\_\_\_\_,  
To tell you my age.

The date of my birthday,  
Is easy for me.  
The teacher has marked it,  
Now everyone can see.

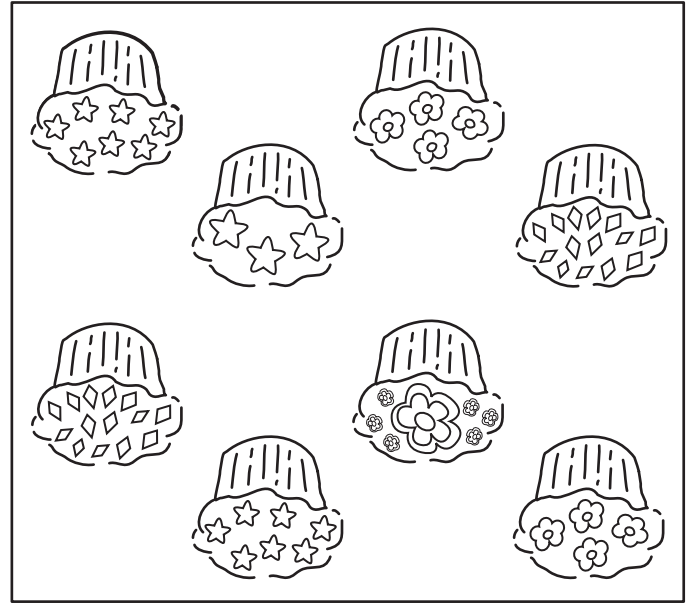

Fill in the calendar and circle your birthday.

Fill in what you had for lunch on your birthday.

My lunch on my birthday,  
Will be a nice treat.  
With friends all around me,  
We'll laugh as we eat!

A fun birthday game,  
Makes the day go so fast.  
Matching the cupcakes,  
I wish it could last.

Draw lines between the cupcakes that are exactly the same, then color the cupcakes.

Make as many words as you can from the letters in the word BIRTHDAY.
