

# Really Good Stuff® Activity Guide

## Privacy Shield Storage Solution

Congratulations on your purchase of this **Privacy Shield Storage Solution**.

Before you begin, please refer to the Parts List to ensure that all materials needed for assembly have been received. You may need a Phillips Screwdriver.

### This Really Good Stuff® product includes:

- |                          |                                  |
|--------------------------|----------------------------------|
| <b>A</b> – 2 Frames      | <b>C</b> – 2 Large bolts, 2 nuts |
| <b>B</b> – 4 Small bolts | <b>D</b> – 1 Assembly tool       |

You may also have spare parts.

### To assemble this Privacy Shield Storage Solution:

1. Raise both frames to upright position.
2. Insert the four small bolts to base sides as shown to keep frame upright. Tighten bolts.
3. Connect frame bases together by inserting into each other.
4. Insert large bolt through the center holes on each side of base to secure. Add a nut to the end of each bolt and tighten. The frame will widen depending on which holes you choose, allowing for more or less Privacy Shields to fit.
