

# When taking a test, be sure to stay

**R**ead each question carefully.  
Reread the question a second time.

**E**xamine every answer. Don't choose the first one you think may be correct. There may be a better choice.

**L**abel your answers, when needed.

**A**lways double check your work.

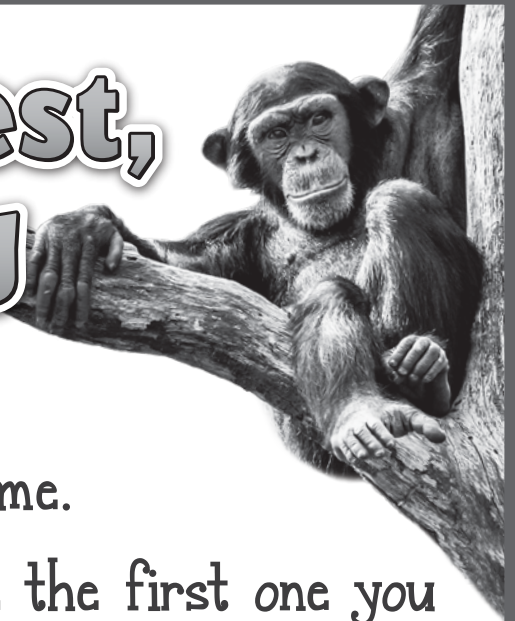

**X**-out or eliminate the answers that cannot possibly be right.

**E**rase unnecessary marks so that they are not mistaken as answers.

**D**on't spend too much time on a problem or question. Come back to it at the end.
