

Science Activity Table

Hardware Package

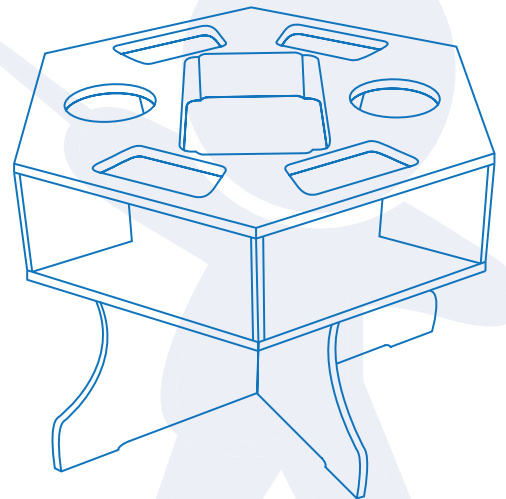

- 8 Decorative Screws
- 1 4mm Hex Wrench

Assembly Instructions:

1. Slide the two base pieces together as shown below, so that they interlock.
2. Place the tabletop on the base, making sure the orientation is aligned with the holes in the underside of the top assembly with the holes in the base. If all eight holes of the base do not align with the predrilled holes in the bottom of the top assembly turn the top assembly 90 degrees until they line up together.
3. Attach to the tabletop using eight 2" decorative screws, inserting them through the bottom of the top assembly into the base.

NOTE: It is suggested to insert all eight 2" decorative screws in through bottom of the top assembly and into the holes of the base before tightening.

4. Tighten the screws with the 4mm Hex Wrench provided.
5. Place the tub in the tabletop.

CAUTION

Adult assembly required due to the presence of small parts, sharp edges, and / or sharp points.
