

Excellerations® 4-Way Desktop Barrier

Excellerations Barriers provide students with a spacious work area while still allowing students to see their friends – they are separated for safety but together for fun!

Provide students with the critical protection they deserve with Excellerations Desktop Barriers. Made of durable clear PVC vinyl with attractive edge binding. These barriers include rubber suction cups with plastic braces that mount to any surface for easy and secure installation and removal. Barriers fold flat for storage and easily wipes clean with soap and water.

The 4-Way Desktop Barrier can be easily suctioned to a square, rectangular or round table while providing a spacious clear view for students and the protection they deserve. This barrier provides space for up to 4 students at a time with four 21" by 21" workstation areas. Guard measures 43" wide, 43" deep and 15.7" high.

This barrier fits most standard size desks and table tops.
